Important: The data used in Lightstone's aggregated reports (Town, Suburb, Sectional Scheme and Estate reports) and market analysis tools reflect the trends in developed residential homes. Non-arm's length, non-residential sales, potential vacant land sales, sectional title garage sales and extreme outliers have been removed in order to provide the most accurate indication of true developed home sales. Should you require the full list of transfers in an area with no exclusions, please refer to the Transfer Report
